They're youthful and new styles for the Miss or Matron.

Comforters—Generously Reduced \$4.95

Comforters that are thick and warm, yet light. They are prettily covered with Chintz with Satin Panels.

School News

Examinations will be held throughout the school in the middle of December. The students in the high school will be examined the week of December 15th, and standing of each student will be placed in the Western Globe. Students in the high school who make an average of 75 p.c. and who do not fail in any subject will be excused from school the evening of December 15th. Those who do not exhibit this average will be required to return the 22nd and 23rd, of December to do additional work. Any student who makes below 50 p.c. in any subject, is conditionally continued in that subject in 1931. Should any student show unusually poor results, then, his other tests, his class record, his notes and exercises, will be thoroughly examined and he will be advised if he will discontinue this subject. As asked in September, back units will have to be attended first. All students sitting for December tests in the high school will be listed in the Western Globe with their respective standings.

Any student in the public school who makes an average of 80 p.c. and who has not failed in any subject, and whose record is good, will be excused from school on Monday, and Tuesday, December 22nd, and 23rd. The public school instructors are presenting a concert open to the public, at which an admission will be charged, on Monday, December 22, at 7:30 p.m. The proceeds will be in aid of additional equipment for the public school rooms and pupils. All are heartily welcome.

The hockey teams for the high school are listed below.

LEADALE OLD TIMER PASSES

Lacombe district has lost another

pioneer, in the death of Mrs. E.

Lee, of Leadale, who passed away

at the home of her daughter, Mrs.

Fox, Calgary, on the 19th inst. The

funeral was held on November 22nd,

interment being made in Bentley

cemetery, Rev. T. H. Chapman

officiating with Mrs. H. Brownlow

as the organist. There was a very

large attendance of friends of the

deceased family, and many lovely

floral tokens of sympathy. Deceased

was in her 84th year. Wreaths

were received from the following:

Bureka Lodge, Lacombe; the Tolson

family; Mrs. Potter; Sons and

daughters; Mr. and Mrs. Fox and

Family; Mr. and Mrs. Andrew and

Family; Mr. and Mrs. Fred Lee and

Family; Mr. and Mrs. Bradbury and

Family; Mr. and Mrs. Battersby and

Family; Mr. and Mrs. Westlake and

Family; Mr. and Mrs. W. H. Lee and

Family; Mr. and Mrs. Frank Lee and

Family; Mr. and Mrs. Sherman and

Family.

Mr. and Mrs. Lee came to Lacombe

in the Spring of 1905 where they

resided for a short time, taking up

land in the Lockhart district where

they resided until the passing of

Mr. Lee in 1912. Mrs. Lee afterwards

moved to Leadale where she was in

business with her sons at the general

store and Post Office. Left to mourn

her death are three sons: Fred, of

Calgary; William, of Leadale; and

Frank, of near Drumheller. Six

daughters: Mrs. Fox, Calgary; Mrs.

Andrews, Gilly; Mrs. Bradbury,

Blackfalds; Mrs. Westlake, Leadale;

Mrs. Battersby, Los Angeles; Mrs.

Sherman, Leadale. Twenty-three

grand children and nine great-grand

children, all of whom with the exception

of one daughter and two grand children

are now resident in Alberta. Originally

deceased came from Shropshire, England.

DEMONSTRATING DOMESTIC

SHORTENING

Mrs. Lepard, representing Harris

Abattoir, St. Boniface, Man., is in

town this week demonstrating the

superior quality of Domestic Shortening

over all other shortenings on

the market. Domestic shortening can be used wherever butter or lard or other shortenings are needed in cakes and pastry of all kinds and it is said by those who have tried it to be far superior to anything on the market. It costs less than half as much as butter, contains no animal fats, is a pure vegetable shortening, has no odor and is tasteless. It can be obtained at any of our stores. Call at any of the stores and Mrs. Lepard will be pleased to demonstrate its superiority.

CANADA JUNIOR COLLEGE

Mrs. Will MacLeod, of Rosedale Valley has been seriously ill for a week in the Lacombe hospital.

Mrs. Maud Crump, dean of women, motored with friends to Edmonton on business.

The Sunshine Band of the college will give a program the evening of November 20. The funds received will be used to help the needy.

Many friends from Lacombe visited the new college buildings on Sunday.

The library, which is situated in the south-east corner main floor of the administration building will be completed and ready for use this coming week. The president's and registrar's offices are located near the main entrance and are also being used.

The second floor contains the class rooms. The suite of rooms and that occupied by the Home Economics department is at the west end of the hall.

Up to date, there are 150 students enrolled at the college.

Inspector Gibson, from the district of Lacombe and Red Deer, made a short visit to the elementary school on Friday, promising to pay us another visit later.

SPRUCEVILLE NEWS

The Annual meeting of the U.F.A. and U.F.W.A. will be held on Thursday, Dec. 4.

Arrangements are being made to have Mr. May, Wheat Pool delegate address the meeting.

Ex-Governor Firm Believer In New Sargon

Former Governor Walker of Georgia, twice honored with the highest office the people of his state could give him, is prominent among the thousands of well-known men and women throughout America who have publicly expressed their gratitude for benefits they have obtained from the use of Sargon. He recently said:

"Not being staid in physical strength, I have been my custom for several years to recoup my physical energies at each change of season with some tonic. Owing to close confinement in my office, and rather sedentary habits of life, my physical condition was such that I decided to take a course of treatment at Battle Creek. During recent years, in fact, I have been compelled to resort almost continually to laxatives and other special hygienic measures to maintain my health."

"This season a friend of mine suggested Sargon. I was convinced from literature which I read that it was a scientifically prepared product and decided to try it. "Almost from the start its invigorating effects were noticeable. I seemed more alert, my appetite improved, my capacity for work was increased and I was conscious of a feeling of general well-being. I have gotten by the summer and am now entering the fall season with more energy and in better physical tone than I have experienced in many years."

"From my own experience I am convinced that Sargon contains certain therapeutic agents which are highly valuable wherever a tonic impression is required, and also for their influence upon the appetite and digestion. From its effects in my case I cheerfully recommend it as a tonic and corrective worthy of the trial of all busy business men."

Sargon may be obtained in Lacombe from the McDermid Drug Co., Ltd.

Plan Too Dangerous

On Monday the Great Stabilization Corporation, a subsidiary of United States Farm Board, went into the Chicago wheat pit "determined to stop panicky selling and prevent further declines in prices."

"On Tuesday the price of wheat registered a net decline of five cents a bushel. About the same time the Premier of the prairie provinces were in Ottawa asking the federal government to fix a minimum guaranteed price for wheat. No details were given as to how this was to be done."

Recent attempts to stabilize the price of coffee, rubber, wheat and other world commodities have been disastrous failures. The experience thus gained will not encourage the Bennett government to embark on so hazardous an undertaking. Last year the United States Farm Board purchased over 60,000,000 bushels of wheat at a price well above the dollar mark and has it still on hand. Brazil tried to peg the price of coffee and today the republic has most of the last two crops still unsold. It is safe to say that the price of coffee is much below its normal value because of the unwise attempt to hold

up the world markets. There is some ground for belief that part of the present demoralization in the wheat markets is due to the investment which prevailed in British and European wheat markets last autumn that Canadian wheat producers were deliberately holding back their supplies in order to force the price beyond the dollar and a half mark. The buyers took alarm and made plans for other supplies and they are still managing to get along with a minimum import from Canada. Canadian growers are not holding back any wheat which can be sold this year, but the slaughter in prices goes on. The chastening rod yielded by the European buyers has not been put away and it would not be surprising to learn that what they have in mind at present is not Canada at all but the government-sponsored United States Farm Board, created with the sole object of stabilizing the price of wheat.

With wheat and other grains at prevailing levels, the outlook for western farmers is abnormally discouraging. It is probable that something will have to be done by the governments to assist them, but the guarantee of prices is too dangerous. Some form of direct relief might prove far less costly. Attempts to stabilize would only make matters worse by inviting further bear tactics. —Calgary Herald

UNEMPLOYMENT AND THE GOVERNMENT

(Lacombe Province)
Every paper we pick up has something to say about unemployment and many rotations of the problems have been offered.

The Alberta Government apparently does not recognize the seriousness of the situation or their responsibility. Last week the Alberta Government let out all the men at work on the several highways in the Province, thereby increasing the number of unemployed by at least two hundred. This looks like poor economy. There is no doubt but that many of these men will be numbered among the needy before the spring, and will either directly or indirectly be a charge on the province. Would it not have been better for the government to have these men on the job, even if they felt it necessary to reduce the wages. The work these men could have done would not have been wasted. It is now only a week since the gang quit work in our district and already the highway is a perfect washout and will continue to grow worse.

The action of the government in this instance shows very poor judgment. No doubt the head of the department is anxious to cut down on expenditure in order that his particular department may make a good showing.

The damage to the highway or the distress of the people is a secondary consideration to the economy in his particular department. These men should be put back on the job without further delay. This is one practical way in which the Government can and should help unemployment.

NOTICE
The Annual General Meeting of the Lacombe Agricultural Society, will be held in the Town Hall, Lacombe, on Thursday, Dec. 4th, 3 o'clock p.m. Please attend.

FIRST RATE HOTELS or POOR STOPPING PLACES

Under the present Liquor Act of Alberta there is the closest supervision of all licensed hotels and a plan of continued improvement of Hotels is possible only under the Act as it now stands

The Commissioner says who shall run the licensed hotels and the Liquor Board inspectors exercise the closest supervision, demanding as the licensee's funds permit, better equipment and better service to the public.

What a difference when compared with Prohibition days! No supervision, poor furnishings, poor table. No control whatsoever.

NOW IT'S ALL CHANGED

Do Not Sign the Prohibition Petition. It Means Closing Clubs as Well as Beer Rooms.

Leave the Act alone. We don't want the bootlegger back.

Moderation League of Alberta, Inc.

THIS book has been written especially for the farmer by one who knows the farmer's problems. It is practical, helpful and useful.

Our purpose is to help the farmer, and we shall be glad to give you a free copy upon request. Ask for one or use this advertisement as a coupon.

If you have a business problem to discuss, the Manager will be glad to talk it over with you—confidentially, of course.

To Command New Canadian Pacific Giant

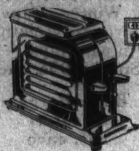

Captain R. G. Latta, more familiarly known to trans-Atlantic passengers as "Jock" Latta, has been selected to command the new 22,500-ton Canadian Pacific liner Empress of Britain. The promotion comes to Captain Latta after 26 years' service with the Canadian Pacific Steamships, which he joined in 1904 with the rank of 4th officer. In the next six years Captain Latta sailed with several ships and eventually became chief officer of the Empress of Britain. The expiration of seven years as chief officer saw his promotion to commander of the Monmouth. Six years later, in 1929, he anticipated promotion to the crack ship of the fleet by his appointment to her namesake, the Empress of Britain, which was later renamed the Empress of Scotland. The Scottish shipmaster went to the Empress of Australia, command of which he relinquished after conveying Premier R. B. Bennett to the Imperial Conference, in order to "stand by" the new Empress of Britain during the last stages of her construction.

During his many years as commander of Canadian Pacific liners on the St. Lawrence seaway, Captain Latta has conveyed many famous people across the Atlantic, numbering amongst his more distinguished friends H.R.H. the Prince of Wales, who launched his new command; Prince George, the Duke of Gloucester, Lord and Lady Willington, Rt. Hon. Stanley Baldwin, Rt. Hon. L. C. M. S. Amery, Rt. Hon. Winston Churchill, Baron Byng of Vimy, former Governor-General of Canada and commander of the Canadian Corps in France; Prime Minister Ferguson, of Ontario, Lord Dawson of Penn, physician-in-ordinary to H.M. the King, and many others distinguished in the fields of finance, politics and art.

The Empress of Britain, which will make her maiden voyage to Quebec next June, is here shown in an artistic presentation of what she will look like when she enters service next June. Captain Latta is last.

HOME MAKER'S NOTE BOOK

at
Christmas Time...

And as long as Mother asked me what I wanted for Christmas, I'll just tell her about those Electric Waffle Irons... the smokeless, greaseless kind I can plug in whenever there are guests... It's no trick at all to make waffles with one.

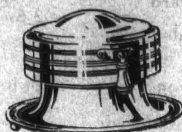

Calgary Power Company LIMITED

Local Representative: C. F. Danner

Must remember to throw out a few discreet hints to Bob about one of those new automatic Electric Toasters with heat control. Mother says they're a joy. I've really been wanting one ever since I discovered they cost so little.

While I'm about it, I'll call the Calgary Power representative myself and get one of those new type Electric Heaters... they're just the thing to warm the room when baby's having his bath... so clean and safe.

And come to think of it, I might as well get some of my Christmas shopping done with the Calgary Power Company. People are always pleased with Electrical Gifts.

Do You Know?

BOARD OF TRADE OF
The last quarterly meeting of the Board for the year will be held in the Town Hall, Lacombe on Thursday evening, December 4th at 8 p.m.

Good set of sleighs for sale cheap. W. W. Hornby, Lacombe.

Everybody come to the tea at Mrs. Pillman's on Tuesday, Dec. 2nd from 3 to 6 p.m.

Do not miss the tea and shower for the Wood's Christmas Home at Mrs. S. Pillman's, Tuesday afternoon.

W. J. Hicks has opened a shoe repairing shop in the old Arlington Hotel, Glass St. He will fix heels and half sole a pair of shoes for \$1.00. See him.

Colored Enlargements, from your own films. Photo Greeting Cards, Picture Framing, Oil Paintings and especially finished engravings, are suggestions worth while as Christmas Gifts. Cameron's Studio.

The Lord Lancelotti Chapter T.O. D.E. are holding a silver tea and shower (Jewels, fruits or canned foods), in aid of Wood's Christmas Home, at the home of Mrs. S. Pillman, Edmonton Trail, north, on Tuesday afternoon, Dec. 2nd from 3 p.m. to 6 p.m.

A new photograph for your Christmas gift this year. Nothing better, and only a few moments of your time a sitting is necessary. Cameron's.

The Lacombe Skating Rink will open on Monday next, December 1. There will be music all night, so be there.

The town of Alix had a narrow escape from being wiped out by fire on Saturday night when a bush fire 3 miles wide and extending for 8 miles swept down before the hurricane. People of Alix were all prepared to leave the town if the fire came too close. However, no buildings in Alix were burned.

The W.M.S. of St. Andrew's Church will serve tea at the Y.W.A. bazaar, on Friday evening, Dec. 5. The proceeds of this tea will be used

for special and relief work in the Town and District.

The senior C.G.I.T. group will have a table of novelties at the Y.W.A. bazaar on Dec. 5th.

Watch for announcement of the first hockey game. It will probably be next week.

The members of Brookley W.I., at the last meeting on Nov. 12th, drew on the quilt that had been in progress for some weeks. The lucky ticket holder was one of the men of the district. Thanks is due to all those who so kindly helped the W.I. to realize \$20.00 to assist them in their work.

Mr. E. H. Solomonson, who is at present in charge of the electrical work in connection with the buildings at Canada Junior College, will make his home in Lacombe for the winter. When the work at the college is completed Mr. Solomonson will be prepared to do electrical work of all kinds in Lacombe and district. He has had 4 years of practical electrical work in Canada, and for many years was employed at this occupation in the leading cities of Europe. If you intend putting in new fixtures and remodelling the electric fixtures in your home or place of business, get in touch with Mr. Solomonson, who lives in the W. F. Puffer place at the corner of Barnett Avenue and the Edmonton Trail.

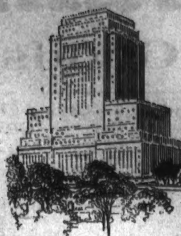

CARDS OF THANKS

Mr. L. A. Kilde and family wish to thank their many friends for kind expressions of sympathy and beautiful floral tributes received during their recent bereavement.

Mr. A. Sheridan and Mr. Stewart Fraser, returned from a very successful moose hunt. This being Mr. Sheridan's first moose hunting trip he is so proud of the moose he shot that he had our staff reporter photograph it. Below is the picture of this monarch of the timber.

Where the Title becomes good on the First Payment

THIS is an age of installment buying. Furniture, homes, motors—even clothing—is being bought on time. If income stops for any reason and funds are insufficient to meet payments, the home or motor or furniture is forfeited, and the money already paid is lost. Life insurance is merely buying an estate on a yearly payment plan.

BUT... Life insurance is the only form of property upon which unpaid balances are cancelled by death, and the property transferred, unencumbered, to the heirs.

JOFFRE NEWS

We are glad to note that Miss Johnson is able to re-open her school. She is staying at C. E. Wilson's now as it is more convenient to the school.

George Miller, Frank Miller and Red Olfson arrived home from their hunting trip on Thursday and were fortunate to bring home a moose. Cliff Wilson was also among the lucky hunters of this district as he also got a moose.

There was quite a lively dance in Joffre Hall on Friday night. There was not a very large crowd turned out, but those who were present reported a very enjoyable time. There will be another dance in the Hall on November 28.

Max Hazel Perkins, of Lacombe is visiting her sister, Mrs. Henry Jacobsen.

Monte Montgomery and Alex Graham are making some improvements on the Brookway school grounds.

Mrs. Clement Brock is visiting her parents Mr. and Mrs. Ritten, in Lacombe.

Mr. and Mrs. Tan Jameson left on Monday for a hunting trip to Wolf Creek.

Dave Shaw and Mr. Haney also went on a hunting trip to Wolf Creek.

MEADOWBROOK

Mr. Russell Sturgeon motored to Edmonton over the week end. Elmer Long had the misfortune to break his glasses, injuring his eye. Last Sunday at Church, Mr. Wright announced he would give us one service a month during the winter instead of no services at all. First service to be held Dec. 10.

Martin Koleyak has returned home from Saskatchewan where he has been working all fall.

Helga Wedlund has purchased a 1928 Chevrolet Sedan.
Miss Nellie Long is visiting with friends in Calgary.

Remember the Ladies Aid meeting on December 11th at the home of Mrs. Jim Spink.

Why Prohibition Has Failed in United States

(By Dr. M. A. Miller in "Psychology")

Dr. Miller, one of the leading "dry" exponents of New York, makes the following statement in an article in the magazine "Psychology":
Under prohibition in the United States crime has alarmingly increased. Political corruption has become everywhere a public scandal because of the unlimited profits of bootleg booze. The youth of our land are being spoiled by the speakeasies and are drinking to an extent undreamed of in pre-prohibition days. The present liquor bill is billions in excess of that of pre-prohibition days. Where one citizen died of acute alcoholism before, now scores are murdered by poisoned liquor. Prohibition is an utter and monstrous failure which threatens the very security of America.

Why Has Prohibition Failed
Prohibition has failed because it seeks to supplant education with legislation. Laws are effective only when they represent the majority consciousness of the people. Once the Eighteenth Amendment was passed everything was staked by prohibitionists on the law and education was neglected. Hence there is probably more widespread drinking today than before prohibition.
The "inferiority complex" is almost universal in society. There are numberless expedients resorted to by its victims in an effort to offset its effect upon the ego. To defy any law gives a certain sense of superiority. The individual feels his importance. No bunch of insane fanatics can tell him what to do. If he wants to drink, he will drink and he drinks whether he wants to or not, just to prove his superiority over at least one law. There are tens of thousands who today drink persistently just because they get a kick out of defying the law who, if they could buy liquor openly with the romantic glamour of law-defiance removed, would probably seldom, if ever drink.

Prohibition failed to take the profit out of liquor. The curse of liquor is in its commercialization. It is the profit feature which has been at the basis of liquor law. The treating system in the old saloon was fostered because it vastly added to profits. The brewers and distillers spent vast sums advertising their product to stimulate and increase the demand. Prohibition, far from eliminating the profit in liquor, has vastly increased profits. For the brewer, distiller and saloon keeper, prohibition has

substituted the bootlegger, speakeasy operator, hi-jacker, gangster, racketeer, gunman. So great are the profits involved that the big liquor barons are able to control the politicians, police, enforcement agencies and judicial machinery. In cities like New York and Chicago they carry on their activities openly. The biggest bootlegger in America boasts that his trucks cover sixteen states unmolested and that his protection pay roll amounts to one hundred million dollars a year. More money by far is being made in the liquor racket today than under license and it is going into the pockets of the underworld, criminals, gangsters, gunmen.

In conclusion of his article Dr. Miller says that the liquor laws at present in force in Canadian Provinces, while having many defects, are working in the direction of prohibition with far greater success than the United States' Eighteenth Amendment.

The Copper Pool Smashes Itself

(From World's Work)

At the same time the producers set out to control or stabilize prices. And that is how they have come to grief. In 1926 the producers formed, under the Webb-Pomeroy Act (which expressly exempts export corporations from the Sherman antitrust law), the Copper Exporters, Incorporated, with between 90 and 95 per cent. of the world's production, both domestic and foreign.
The London copper market had always controlled the price abroad and it did this largely through the holding of a considerable stock of copper which it could use to raise or lower prices at will. The export association started in to deplete this stock and by 1927 had cut it down to 24,000,000 pounds from 126,000,000 pounds in the previous year. The association fixed export prices, and the members exchanged reports on sales. By direct selling it cut out much of the business of the London copper brokers and they very naturally got out their hatchets.

In December, 1927, our exports on copper exceeded the domestic buying. The price was then 13 cents a pound and it advanced to 14 cents, and then gradually began to climb. As the price passed 14 cents, the exports of copper began to fall off, and on March 25, 1929, the price reached 24 cents a pound and practically all trading in copper ceased. Then the price began to drop.
During this time many things happened. Invisible stocks of copper began to come on the market, and also

vast quantities of scrap appeared. Germany formerly imported 60 per cent. of her requirements, but now is supplying 70 per cent. from home sources by substituting other metals. And Germany has been the largest consumer outside the United States. The surplus stocks of copper at the refineries in the United States, which stood at 131,000,000 pounds in March, 1929, rose to 512,000,000 on the same date this year. In April of this year Copper Exporters cut the price four cents because some of the members were beginning to tire of holding the bag. Since then the prices have been dropping; and prices, profits, and prospects are about where they were when the experiment began—except that everything that was wrong then is wrong or now. For the high copper prices have brought feverish activity in South African and Canadian mines and increased production throughout the world.

It is the same old story—the same story that can be told of Brazilian coffee, or rubber, of sugar, and of wheat under the Canadian Wheat Pool. In the end all prices are governed by the emotions of human beings.

RUMOR STATES BENNETT TO HELP POOLS

Ottawa—The wheat situation appeared to have taken a turn for the better over the week-end. General managers of some of the largest Canadian banks called upon Sir George Perley, acting prime minister, and discussed with him negotiations which have been under way between the Western premiers and Eastern bankers. Just what transpired at the discussion was not made public, but Sir George appeared optimistic after the interview and said he felt sure that things would work out all right.
Sir George stated that the banking executives had merely called to see him in order to acquaint him with the arrangement which had been reached between them and Premiers John Bracken, J. T. M. Anderson and John E. Brownlee. The bankers had nothing to say. Those present included H. S. Logan, general manager of Canadian Bank of Commerce; Jackson Dodds, assistant general manager of the Bank of Montreal, and M. W. Wilson, general manager of the Royal Bank of Canada.

While no official information has been given that the Government had modified the stand which it took at first, it is now suggested that Premier R. B. Bennett has decided to render a measure of support to the Wheat Pool. There was nothing to indicate just what action the Government has taken, if any, but the fact that the Western Premiers were re-

turning home apparently feeling that their missions to the East had not been barren of results lent some color to the suggestion. Mr. Bennett will return to Ottawa about the end of next week, when he will be in position to deal with the matter at first hand. He has been kept constantly in touch with developments, and there is a disposition to believe that he has exerted his influence to improve the situation.

COCKERELS FOR SALE
Rose Comb Rhode Island Reds. To make room for our pullets, we will sell our cockerels for \$1.00 each if taken at once. These birds are worth double this price.

N. E. Brooks, Lacombe, Alta.
Persons who have left dishes at the United Church Hall may secure the same by calling up Mrs. E. L. Miesner, Phone 84.

WOODS HATCHWAY
HAS NO BUTTONS

TWO-TEX

UNDERWEAR

We have just opened a full line of Hatchway Two-Tex Underwear for Men. This line is woven with 100 per cent wool outside and cotton inside, which guarantees that the discomfort of wool next to body is eliminated. Hatchway has no buttons to come off, and is made to fit the form. We have it in all weights, from light for indoor workers, to very heavy for those who work outside. Come in and see this line and get our new low prices.

SEE OUR OVERCOATS

Our line of winter overcoats is in, and it will pay to look them over. It is the peppiest line we have ever shown, and all the latest fabrics are represented. Fabrics, Workmanship and Price Guaranteed right. Come in and let us fit you, we'll save you money.
